

SOLVING COMPLEX CHALLENGES THROUGH COLLABORATION TO MODERNIZE AMERICA

Catawba D&Z LLC, a joint venture under the Small Business Administration's (SBA) Mentor-Protégé Program, builds on a foundation of safety, stability, integrity, and innovation. We perform work according to primary NAICS code 561210 Facilities Support Services with a track record for delivering complex capital projects for the government market.

Our leadership team has decades of Department of Defense and Department of Energy experience managing IDIQ (indefinite delivery/indefinite quantity) task-order driven contracts. Our joint venture offers a deep well of experience and resources from both companies and aims to win customers for life on projects involving:

- Sustainment, restoration, and modernization
- Design/build and/or build-to-print modernization/renovation construction
- Deactivation, decommissioning, and demolition
- Environmental studies, construction, and remediation services

TRIBAL CONTRACTING ADVANTAGE, FASTER PROCUREMENT, DIVERSE SPEND

Catawba D&Z's SBA 8(a) status offers government contracting officers tribal procurement advantages.

- Readily access the skills and expertise of both companies in the joint venture with faster procurement cycles (typically less than 30 days) and with decreased costs
- Benefit from direct-award contracting through the sole-source program without executing a justification and approval for procurements ≤\$100 million
- Meet diverse-spend goals and commitments like the White House Justice40 Initiative
- Increase Request for Proposal contract fee calculation and evaluation

TRIBAL PROCUREMENT ADVANTAGES AND ASSURANCES

WE BELIEVE EVERY INJURY IS PREVENTABLE

Our first and most fundamental core value is safety — to maintain a safe workplace that protects our employees and customers from injury or illness. The elimination of incidents in the workplace requires commitment; an understanding of roles, responsibilities, and safety processes; clear accountability at all levels of the organization; and continual focus and attention all day, every day. We create the right climate for continuous improvement through the intentional alignment of our educational programs, process, metrics, and communications.
