Unique Entity ID: U1HTJ9JBLN31

Red Heritage Services, LLC (RHS) is a Native American Federally Chartered Corporation under Section 17 of the Indian Reorganization Act and a 100% tribally owned small, disadvantaged business participating in SBA's 8(a) Business Development program. Founded in 2016, RHS is headquartered in Rock Hill, SC with a satellite office in Oak Ridge, TN. In 2017, the corporate charter was updated to concentrate on five core focus areas: Facilities Maintenance and Operation, Professional Services, Information Management, Construction Services, and Security Services. RHS has provided these focus areas to the Catawba Nations ince 1996 for over 3,500 tribal members that reside on over 1,500 acres of land in the State of South Carolina. Evidence of our ability to manage large contracts is the delivery or a diverse set of services through the day-to-day operation of a government entity. RHS holds a facility clearance from the NRC and DoD at the Top-Secret level and has received a favorable FOCI determination.

Mission Statement

The mission of Catawba Corporations is to be the corporation of choice that creates economic growth and diversity for the Catawba Nation's workforce and its brand, fueled by its core values and the nation's rich culture and heritage, facilitated by the corporation's philosophy to be the "employer, employee, and client for life."

541612 - Human Resources Consulting Services

Additional NAICS codes listed on SAM.gov

Contracting Advantage

The SBA 8(a) Business Development Program enables government contracting officers and program managers to streamline procurement processes.

Through the 8(a) Business Development Program, government contracting officers can readily access the skills and expertise of Catawba Corporations with:

- Faster Procurement Cycles with Decreased Costs (48 CFR 6.303.1 and FAR 6.302-5(b)(4) and 13 CFR 124.517(a))
- Direct Award Contracting through the Sole Source Program without Executing a Justification and Approval for procurements <$100M (13 CFR 124.506(b) and FR 19.808-1(a))

Past Performance

Y-12 Mercury Outfall Project. Responsible for providing waste management support to the OF200 projects. General services required are completing waste acceptance documentation for Y12 Landfills 5 and 7 to allow for the transport and disposition of spoils from construction activities.
